Camp Riflery Instructor Training Course Requirements:

- ⊙ A minimum of six students is normally required to conduct a course—the ITC host may invite other camps in that area to send their riflery instructors for training.
- ⊙ The ITC host must provide a classroom and space where a 5-meter BB gun range can be set up—a camp range can also be used for parts of the course.
- ⊙ The ITC includes 20 hours of instruction over a 2 ½ day period—students must attend the entire course, pass an exam and demonstrate competence in supervising safe rifle range activities before being certified.
- ⊙ The ITC host agrees to remit \$75.00 per student to the CMP; the ITC host may charge additional fees to cover housing and meal costs for students from other camps.
- ⊙ The CMP will assign a qualified Master Instructor to teach the course—the CMP will pay an honorarium and travel expenses for the Master Instructor.
- ⊙ The CMP will provide all training supplies necessary to teach the course.
- ⊙ The CMP will provide a Camp Riflery Notebook, with lesson plans, curriculum, training aids, resource information and incentive awards information for each student in the course.

We expect approximately _____ students to attend.
